Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

1. The Examiner has carefully considered Applicant's amendments and accompanying remarks filed on 06/2005. Claims 10, 13-17, 42 and 43 are now cancelled. Currently, the pending claims are 1, 2, 6-9, 11, 12, 18-21, 25, 28, 29, 32, 33, 36, 37 and 40-41. Applicant has overcome all previously made 112-2nd rejection which are now withdrawn.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1, 2, 6-9, 11, 12, 18-21, 25, 28, 29, 32, 33, 36, 37 and 40-41 are rejected under 35 U.S.C. 102(e) as being anticipated by Parker US 2002/0065367 A1 as set forth in the previous office action.

With regard to the traversals of this rejection Applicant's arguments have been fully considered but they are not persuasive. If all the same ingredients are present how you can not have the same end result? Cover factor can be calculated in many ways and is a resultant property of the weave structures, the denier of the yarns, the structure of the yarns (flat or round) and the filaments that comprise the fibers or yarns. Therefore if all these criteria are the same then the cover factor must be exactly or about Applicant's claimed range of below 1600.

Claim Rejections - 35 USC § 103

4. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

5. Claims 1, 2, 6-9, 11, 12, 18-21, 25, 28, 29, 32, 33, 36, 37 and 40-41 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over USPN 5470106 issued to Nishimura et al. as set forth in the previous office action.

Art Unit: 1771

With regard to the traversals of this rejection Applicant's arguments have been fully considered but they are not persuasive. Cover factor is not an additive property, yarns overlap when woven and thus would reduce the actual number if it were added. It can be calculated in a number of ways, but under no provision does the cover factor of one direction added to the cover factor of the other direction equal the sum of those quantities. When cover factor is actually calculated it does not take into consideration the actual weave structure. It should be noted that Applicant is coming up for an interview on this case at which time these discussion will be far more elaborate, with examples to help elaborate the understanding of cover factor. Furthermore, Applicant's composite is coated, therefore the cover factor would at 100%, which is no surface area left uncovered.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ms. Arti Singh whose telephone number is 571-272-1483. The examiner can normally be reached on M-F 9-7pm.
